

SUTHERLAND-SCHULTZ
a *vollmer* company

Sutherland-Schultz Ltd. (SSL) is a Canadian owned, multi-trade contractor, established in 1922. We provide construction, maintenance and fabrication solutions across the power & energy, oil, steel, automotive, environmental, manufacturing and food & beverage sectors.

These are exciting times for our company as we are focusing on growth, investing in our future, and transforming our business to better service the needs of our customers.

Health & Safety Coordinator

You are available to work in both the Head Office (Cambridge) and in the Nanticoke Region and are flexible to additional daily travel to other job sites across Southwestern Ontario. You are comfortable working on construction sites, providing expertise, conducting workplace inspections and ensuring compliance with OHSA and company and client policy.

You will have a minimum of 5 years of health and safety experience, preferably in the construction industry, along with an in-depth knowledge of the Occupation Health & Safety legislation and standards. Other experience will include accident investigations, Government reporting systems, auditing systems, job hazard analysis, and delivering training.

You are an effective problem solver, with a strong ability to multi-task. You are adaptable, thrive in a fast paced environment, have excellent communication skills and have strong computer skills. You are a team player, have the ability to build rapport among a diverse group, and contribute to maintaining a culture of a safe and healthful work environment. CRSP designation preferred, but eligibility within the next five years would be considered

Please submit your cover letter, resume, and wage expectations to hr@sutherland-schultz.com , with "H&S Coordinator" in the e-mail subject line.

We appreciate all applications, however, only those invited in for an interview will be contacted. No outside agencies please.
